| (33) COMMON OR COMMON AND CONTRACT CARRIERS: Aircraft, watercraft, railroad locomotives and rolling stock, motor vehicles used principally to cross the state line to transport persons or cargo when purchased by common or common and contract carriers holding the same authority granted by the United States government. This exemption also extends to replacement of integral parts of the qualifying craft, equipment, or vehicle.  NOTE: Exemption does not apply to fluids or dunnage materials.                                                                                                                                                                                 | ST-5                                    |
| (33.1) From July 1, 2009 through June 30, 2011, the first 1.8% of the 4% state sales tax and the 1% Special Purpose Local Option Sales Tax on the sale or use of jet fuel sold to, or used by a qualifying airline at a qualifying airport with 750,000 or more takeoffs and landings in a calendar year (Hartsfield-Jackson Airport).                                                                                                                                                                                                                                                                                                                                                     | Commercial Airline                      |
| Effective July 1, 2011 through June 30, 2013, the exemption includes the full state sales tax and the 1% Special Purpose Local Option Sales Tax on the sale or use of jet fuel sold to, or used by a qualifying airline at a qualifying airport with 750,000 or more takeoffs and landings in a calendar year (Hartsfield-Jackson Airport). For July 1, 2011 through June 30, 2012, the state sales tax exemption may not exceed \$20 million. For July 1, 2012 through June 30, 2013, the state sales tax exemption may not exceed \$10 million.                                                                                                                                          |                                         |
| (34) Machinery which is necessary and integral to the manufacture of tangible personal property. Qualifying machinery or equipment must be purchased for a new manufacturing facility, as replacement machinery in an existing manufacturing facility, or for the upgrade or expansion of an existing manufacturing facility. New facility – Machinery or equipment to be installed at a new facility requires application for the exemption (Form ST-M1).                                                                                                                                                                                                                                 | ST-M2<br>Exemption Certificate<br>ST-5M |
| (34.1) Machinery and Equipment used to handle, move, or store tangible personal property in a new or expanded distribution or warehouse facility where the total purchase or expansion is \$5 million or more. To be eligible for this exemption, the distribution or warehouse facility may <u>not</u> have retail sales equal to or greater than 15 percent of the facility's total revenues. Application process is through Form ST-WD1.                                                                                                                                                                                                                                                | ST-WD2<br>Exemption Certificate         |
| (34.2) Machinery and equipment used directly to remanufacture aircraft engines or aircraft engine parts or components used in a remanufacturing facility that overhauls aircraft engines or aircraft engine components. Application process is through Form ST-AR1.                                                                                                                                                                                                                                                                                                                                                                                                                        | ST-AR2<br>Exemption Certificate         |
| (34.3) The sale or use of repair or replacement parts, machinery clothing, molds, dies, waxes or tooling for machinery which is necessary and integral to the manufacture of tangible personal property in a presently existing manufacturing plant.                                                                                                                                                                                                                                                                                                                                                                                                                                       | ST-5M                                   |
| (34.4) Sales of tangible personal property to, or used in or for the construction of, a new alternative fuel facility primarily dedicated to the production and processing of ethanol, biodiesel, butanol, or their by-products when such fuels are derived from biomass materials such as agricultural products, animal fats, or the wastes of such products or fats. Any entity seeking the exemption must conduct at least a majority of its business with nonaffiliated entities. This exemption is enacted for five-years (July 1, 2007 – June 30, 2012), but will only apply to purchases up to the point an approved facility begins production and processing of alternative fuel. | Letter of Authorization                 |
| (35) Industrial Materials & Packaging:                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | ST-5M                                   |
| 1. Materials used for further processing, manufacture, or conversion into components of a finished product.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                         |
| 2. Materials coated upon or impregnated into a product being manufactured for sale.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                                         |
