Services

DMS Option

The DMS Option is an extended payment plan for Disabled, Military (active) and Senior Citizens who need a few more days to pay their electric bills.

The Cooperative recognizes that most disability, military and retirement checks are received during the first few days of each month. For some, this means their check arrives a few days too late to pay their most recent bill without having to pay a late charge or being subject to collection procedures.

That's why the **DMS Option** has been established. It is available to the Cooperative's **Disabled** citizens, active **Military** personnel (or spouse) and **Senior** citizens who are at least 62 years old and receive a retirement income.

Participating members are given additional time to pay their electric bill. Also, they are exempt from the \$10 late payment charge.

If you have any questions, please feel free to contact an Oconee EMC Member Services Representative at 478.676.3191.

DataVoice, Oconee EMC's automated outage program, members can enter their outage ticket with a number stroke. Please dial 478.676.3191 and follow the instructions. Programs

Operation Round-Up Foundation: The Oconee EMC Foundation's purpose is to disburse Operation Round Up® funds for charitable purposes within the counties served by Oconee EMC. By allowing Oconee EMC to round up the dollar amount on your bill each month, you will be participating in a program that has helped, and will continue to help, people and organizations throughout Oconee EMC's service territory.

WYT is an all-expenses-paid, fun-filled week of activities in our nation's capital. Delegates will expand their knowledge of history, government and careers in public service in such an enjoyable manner that it's hard for them to believe it's an educational experience. Oconee EMC selects two high school students in our service territory for this awesome opportunity.

Georgia's first renewable energy program, Green Power EMC, provides electricity through its 38 member EMCs (Electric Membership Corporations). A nonprofit corporation, Green Power EMC uses green resources such as low-impact hydroelectric plants, biomass, landfill gas, and solar to generate electricity.

A husband and wife, by specifically so requesting in writing, may be accepted into joint membership or, if one of them is already a member may automatically convert such membership into a joint membership. The words “member,” “applicant,” “person,” “his” and “him,” as used in these Bylaws, shall include a husband and wife applying for or holding a joint membership, unless otherwise clearly distinguished in the text; all provisions relating to the rights, powers, terms, conditions, obligations, responsibilities and liabilities of membership shall apply equally, severally and jointly to them. - (c) notice to, or waiver of notice signed or otherwise affected by, either or both shall constitute, respectively, a joint notice or waiver of the notice;
- (d) suspension or termination in any manner of either shall constitute, respectively, suspension or termination of the joint membership;

Upon complying with the requirements set forth in Section 1.02, any applicant shall by Board resolution be accepted into membership in, and become eligible to receive electric service from, the Cooperative, unless the Board of Directors shall determine that such applicant is not willing or is not able to satisfy and abide by the Cooperative’s terms and conditions of membership or that such application should be rejected for other good cause: PROVIDED, that any person whose application, for sixty (60) days or longer, has been submitted to but not approved by the Board of Directors may, by filing written request therefor with the Cooperative at least thirty (30) days prior to the next meeting of members, have his application

submitted to and approved or disapproved by the vote of the members at such meeting, at which the applicant shall be entitled to be present and be heard.

Section 1.06. Purchase of Electric Power and Energy, Power Production by Member; Application of Payments to All Accounts.

The Cooperative shall use its best efforts to furnish its members with adequate and dependable electric service, although it cannot and therefore does not guarantee a continuous and uninterrupted supply thereof; and each member, for so long as such premises are owned or directly occupied or used by him, shall purchase from the Cooperative all central station electric power and energy purchased for use on all premises to which electric service has been furnished by the Cooperative pursuant to his membership, unless and except to the extent that the Board of Directors may in writing waive such requirement, and shall pay therefor at the times, and in accordance with the rules, regulations and rate schedules (including any monthly minimum amount that may be charged without regard to the amount of electric power and energy actually used) established by the Board of Directors and, if in effect, in accordance with the provisions of any supplemental contract that may have been entered into as provided for in Section 1.02. Production or use of electric energy on such premises, regardless of the source thereof, by means of facilities which shall be interconnected with Cooperative facilities, shall be subject to appropriate regulations as shall be fixed from time to time by the Cooperative. Each member shall also pay all other amounts owed by him to the Cooperative as and when they become due and payable. When the member has more than one service connection from the Cooperative, any payment for service to him by the Cooperative shall be deemed to be allocated and credited on a pro rata basis to his outstanding accounts for all such service connections, notwithstanding that the Cooperative's actual accounting procedures do not reflect such allocation and proration.

Section 1.07. Excess Payments to be Credited as Member-Furnished Capital; Security Interest Created.

All amounts paid for electric service in excess of the cost thereof shall be furnished by members as capital, and each member shall be credited with the capital so furnished as provided in Article IX of these Bylaws. All such amounts credited to the capital account in Section 9.02, and shall have the same status as though they had been paid to the patron in cash in pursuance of a legal obligation to do so and the patron had then furnished the Cooperative corresponding amounts of capital.

SECTION 1.08. Wiring of Premises; Responsibility Therefor; Responsibility for Meter Tampering or By-

passing and for Damage to Cooperative Properties; Extent of Cooperative Responsibility; Indemnification.

Each member shall cause all premises receiving electric service pursuant to his membership to become and to remain wired in accordance with the specifications of the Georgia Fire Insurance Underwriters Association, the National Electrical Code, any applicable state code or local government ordinances, and of the Cooperative. Each member shall be responsible for — and shall indemnify the Cooperative and any other person against death, injury, loss or damage resulting from any defect in or improper use or maintenance of — such premises and all wiring and apparatus connected thereto or used thereon. Each member shall make available to the Cooperative a suitable site, as determined by the Cooperative, whereon to place the Cooperative's physical facilities for the furnishing and metering of electric service and shall permit the Cooperative's authorized employees, agents and independent contractors to have access thereto for meter reading and for inspection, maintenance, replacement, relocation or repair of such facilities at all reasonable times. As part of the consideration for such service, each member shall be the Cooperative's bailee of such facilities and shall accordingly desist from interfering with, impairing the operation of or causing damage to such facilities, and shall use his best efforts to prevent others from so doing. Each member shall also provide such protective devices to his premises, apparatuses or meter base as the Cooperative shall from time to time require in order to protect the Cooperative's physical facilities and their operation and to prevent any interference with or damage to such facilities. In the event such facilities are interfered with, impaired in their operation or damaged by the member, or by any other person when the member's reasonable care and surveillance should have prevented such, the member shall indemnify the Cooperative and any other person against death, injury, loss or damage resulting therefrom, including but not limited to the Cooperative's cost of repairing, replacing or relocating any such facilities and its loss, if any, of revenues resulting from the failure or defective functioning of its metering equipment. The Cooperative shall, however, in accordance with its applicable service rules and regulations, indemnify the member for any overcharges for service that may result from a malfunctioning of its metering equipment or any error occurring in the Cooperative's billing procedures. In no event shall the responsibility of the Cooperative extend beyond the power delivery point.

SECTION 1.09. Member to Grant Easements to Cooperative and to Participate in Cooperative Load Management Programs if Required.

Each member shall, upon being requested to do so by the Cooperative, execute and deliver to the Cooperative

grants of easement or right-of-way over, on and under such lands owned or leased by or mortgaged to the member, and in accordance with such reasonable terms and conditions, as the Cooperative shall require for the furnishing of electric service to him or other members or for the construction, operation, maintenance or relocation of the Cooperative's electric facilities. Each member shall participate in any required program that may be established by the Cooperative to enhance load management or more efficiently to utilize or conserve electric energy.

ARTICLE II

MEMBERSHIP SUSPENSION AND TERMINATION

SECTION 2.01. Suspension; Reinstatement.

Upon his failure, after the expiration of the initial time limit prescribed either in a specific notice to him or in the Cooperative's generally publicized applicable rules and regulations, to pay any amounts due the Cooperative or to cease any other noncompliance with his membership obligations, a person's membership shall automatically be suspended; and he shall not during such suspension be entitled to receive electric service from the Cooperative or to cast a vote at any meeting of the members. Payment of all amounts due the Cooperative, including any additional charges required for such reinstatement, and/or cessation of any other non-compliance with his membership obligations within the final time limit provided in such notice or rules and regulations shall automatically reinstate the membership, in which event the member shall thereafter be entitled to receive electric service from the Cooperative and to vote at the meetings of its members.

SECTION 2.02. Termination by Expulsion; Renewed Membership.

Upon failure of a suspended member to be automatically reinstated to membership, as provided in Section 2.01, he may, without further notice, but only after due hearing if such is requested by him, be expelled by the affirmative votes of not less than a majority of the directors in office at any subsequently held regular or special meeting of the Board. Any person so expelled may, by delivering written notice to that effect to the Cooperative at least ten (10) days prior to the next annual or special meeting of the members, appeal to and be present and heard at such meeting, which may vote approval of such expulsion or disapproval thereof, in which latter event such person's membership shall be reinstated retroactively or at least the date of his expulsion by the Board. After any finally effective expulsion of a member, he may not again become a member except upon new application therefor duly approved as provided in Section 1.05. The Board of Directors, acting upon principles of general application in such cases, may establish such additional terms and

conditions for renewed membership as it determines to be reasonably necessary to assure the applicant's compliance with all his membership obligations.

SECTION 2.03. Termination by Withdrawal or Resignation.

A member shall withdraw from membership upon such generally applicable conditions as the Board of Directors shall prescribe and upon either (a) ceasing to (or, with the approval of the Board of Directors, resigning his membership in favor of a new applicant who also shall) own or directly occupy or use all premises being furnished electric service pursuant to his membership, or (b) except when the Board of Directors specifically waives such condition, abandoning totally and permanently the use of central station electric service on such premises.

SECTION 2.04. Termination by Death or Cessation of Existence; Continuation of Membership in Remaining or New Partners.

Except as provided in Section 2.06, the death of an individual human member shall automatically terminate his membership. The cessation of the legal existence of any other type of member shall automatically terminate such membership: PROVIDED, that upon the dissolution for any reason of a partnership, or upon the death, withdrawal or addition of any individual partner, such membership shall continue to be held by such remaining and/or new partner or partners as continue to own or directly to occupy or use the premises being furnished electric service pursuant to such membership.

SECTION 2.05. Effect of Termination.

Upon the termination in any manner of a person's membership, he or his estate, as the case may be, shall be entitled to refund of his membership fee (and to his service security deposit, if any, theretofore paid the Cooperative), less any amounts due the Cooperative; but neither he nor his estate, nor any former partner of a partnership member or his estate, as the case may be, shall be released from any debts or other obligations then remaining due the Cooperative. Notwithstanding the suspension or expulsion of a member, as provided for in Sections 2.01 and 2.02, such suspension or expulsion shall not, unless the Board of Directors shall expressly so elect, constitute such release of such person from his membership obligations as to entitle him to purchase from any other person any central station electric power and energy for use at the premises to which such service has theretofore been furnished by the Cooperative pursuant to such membership.

SECTION 2.06. Effect of Death, Legal Separation or Divorce Upon a Joint Membership.

Upon the death of either spouse of a joint membership,

such membership shall continue to be held solely by the survivor, in the same manner and to the same effect as though such membership had never been joint: PROVIDED, that the estate of the deceased shall not be released from any debts due the Cooperative. Upon the legal separation or divorce of the holders of a joint membership, such membership shall continue to be held solely by the one who continues directly to occupy or use the premises covered by such membership, in the same manner and to the same effect as though such membership had never been joint: PROVIDED, that the other spouse shall not be released from debts due the Cooperative.

SECTION 2.07. Board Acknowledgment of Membership Termination; Acceptance of Members Retroactively.

Upon the termination of a person's membership for any reason, the Board of Directors, so soon as practicable after such termination is made known to it, shall by appropriate resolution formally acknowledge such termination, effective as of the date on which the Cooperative ceased furnishing electric service to such person. Upon discovery that the Cooperative has been furnishing electric service to any person other than a member, it shall cease furnishing such service unless such person applies for, and the Board of Directors approves, membership retroactively to the date on which such person first began receiving such service, in which event the Cooperative, to the extent practicable, shall correct its membership and all related records accordingly.

ARTICLE III MEETINGS OF MEMBERS

SECTION 3.01. Annual Meeting.

For the purposes of electing directors, hearing and passing upon reports covering the previous fiscal year, and transacting such other business as may properly come before the meeting, the annual meeting of the members shall be held on any Thursday during the month of October or November of each year, at such place in one of the counties within which the Cooperative serves, and beginning at such hour and on such date, as the Board of Directors shall from year to year fix. It shall be the responsibility of the Board of Directors to make adequate plans and preparations for, and to encourage member attendance at, the annual meeting. Failure to hold the annual meeting at the designated time and place shall not work a forfeiture or dissolution of the Cooperative.

SECTION 3.02. Special Meetings.

A special meeting of the members may be called by the President, Chairman of the Board, the Board or upon written request signed by any three (3) directors or by not less than ten (10) percent of the members, and it shall

thereupon be the duty of the Secretary to cause notice of such meeting to be given as hereinafter provided in Section 3.03. Such a meeting shall be held at any place in Laurens, Twiggs or Wilkinson Counties on such date, not sooner than forty (40) days after the call or request for such meeting is made, and beginning at such hour as shall be designated by him or those calling or requesting the same.

SECTION 3.03. Notice of Member Meetings.

Written or printed notice of the place, day and hour of the meeting and, in the case of a special meeting or of an annual meeting at which business requiring special notice is to be transacted, the purpose or purposes of the meeting shall, except as provided in Article XI and in Sections 0046-3-382, 46-3-383, 46-3-401 and 46-3-420 of the Georgia Code Ann., be delivered to each member not less than five (5) days nor more than ninety (90) days prior to the date of the meeting, by any reasonable means, by or at the direction of the President, the Chairman, the Secretary, or other officer or persons calling the meeting. Reasonable means of providing such notice shall include but not be limited to United States mail, personal delivery, the Cooperative's monthly newsletter, or member service billings. No matter, the carrying of which, as provided by law, requires the affirmative votes of at least a clear majority of all the Cooperative's members shall be acted upon at any meeting of the members unless notice of such matter shall have been contained in the notice of the meeting. If mailed, such notice shall be deemed to be delivered when deposited in the United States mail, addressed to the member at his address as it appears on the records of the Cooperative, with postage thereon prepaid and, whether mailed first-class or not, postmarked at least five (5) days prior to the meeting date. In making such computation, the date of the meeting shall not be counted. The incidental and non-intended failure of any member to receive such notice shall not invalidate any action which may be taken by the members at any such meeting, and the attendance in person of a member at any meeting of the members shall constitute a waiver of notice of such meeting unless such attendance shall be for the express purpose of objecting to the transaction of any business, or one or more items of business, on the ground that the meeting shall not have been lawfully called or convened. Any member attending any meeting for the purpose of making such objection shall notify the Secretary prior to or at the beginning of the meeting of his objection.

SECTION 3.04. Quorum.

Business may not be transacted at any meeting of the members unless, at the organization of the meeting, there are present in person not less than 125 members of the Cooperative, except that, if a quorum is never established, a majority of those present in person may adjourn the

meeting to another time and date not less than thirty (30) days later and to any place within one of the counties which the Cooperative serves in the case of an annual meeting or within one of the counties named in Section 3.02 in the case of a special meeting: PROVIDED, that the Secretary shall notify any absent members of the time, date and place of such adjourned meeting by delivering notice thereof as provided in Section 3.03. At all meetings of the members, whether a quorum be present or not, the Secretary shall annex to the meeting minutes, or incorporate therein by reference, a list of those members who were registered as present in person. When a quorum is once present to organize a meeting, the members who remain present may continue to do business at the meeting, or at any adjournment thereof, notwithstanding the withdrawal of enough members to leave less than a quorum.

SECTION 3.05. Voting.

Each member who is not in a status of suspension, as provided for in Section 2.01, shall be entitled to only one vote upon each matter submitted to a vote at any meeting of the members. Voting by members other than members who are natural persons shall be allowed upon the presentation to the Cooperative, prior to, or upon registration at, each member meeting, of satisfactory evidence entitling the person presenting the same to vote. At all meetings of the members, all questions shall be decided by a majority of the members voting thereon, in person, except as otherwise provided by law or by the Cooperative's Articles of Incorporation or these Bylaws. Members may not cumulate their votes.

SECTION 3.06. Order of Business.

The order of business at the annual meeting of the members and, insofar as practicable or desirable, at all other meetings of the members shall be essentially as follows:

- (a) Report on the number of members present in person, in order to determine the existence of a quorum;
- (b) Reading of the notice of the meeting and proof of the due giving thereof, or of the waiver or waivers of notice of the meeting, as the case may be;
- (c) Reading of unapproved minutes of previous meetings of the members and the taking of necessary action thereon;
- (d) Presentation and consideration of reports of officers, directors and committees;
- (e) Election of Board members;
- (f) Unfinished business;
- (g) New business; and
- (h) Adjournment.

Notwithstanding the foregoing, the Board of Directors, or the members themselves, may from time to time establish a

different order of business for the purpose of assuring the earlier consideration of and action upon any item of business, the transaction of which is necessary or desirable in advance of any other item of business: PROVIDED, that no business other than adjournment of the meeting to another time and place may be transacted until and unless the existence of a quorum is first established.

SECTION 3.07. Credentials and Election Committee.

The Board of Directors shall, at least ten (10) days before any meeting of the members, appoint a Credentials and Election committee consisting of an uneven number of members, not less than five (5) nor more than fifteen (15), who are not existing Cooperative officers, directors or known candidates for directors, and who are not close relatives (as hereinafter defined) or members of the same household of Cooperative officers, existing directors or known candidates for directors. In appointing the Committee, the Board shall have regard for equitable representation of the several areas served by the Cooperative. The Committee shall elect its own Chairman and Secretary prior to the member meeting. It shall be the responsibility of the Committee to establish or approve the manner of conducting member registration and any ballot or other voting, to pass upon all questions that may arise with respect to the registration of members in person, to count all ballots or other votes cast in any election or in any other matter, to rule upon the effect of any ballots or other vote irregularly or indecisively marked or cast, to rule upon all other questions that may arise relating to member voting and the election of directors (including but not limited to the validity of petitions of nomination or the qualifications of candidates and the regularity of the nomination and election of directors), and to pass upon any protest or objection filed with respect to any election or to conduct affecting the results of any election. In the exercise of its responsibility, the Committee shall have available to it the advice of counsel provided by the Cooperative. In the event a protest or objection is filed concerning any election, such protest or objection must be filed during, or within three (3) business days following the adjournment of, the meeting in which the voting is conducted. The Committee shall thereupon be reconvened, upon notice from its chairman, not less than seven (7) days after such protest or objection is filed. The Committee shall hear such evidence as is presented by the protestor(s) or objector(s), who may be heard in person, by council, or both; and the Committee, by a vote of a majority of those present and voting, shall, within a reasonable time but not later than thirty (30) days after such hearing, render its decision, the result of which may be to affirm the election, to change the outcome thereof, or to set it aside. The Committee's decision (as reflected by a majority of those actually present and voting) on all matters covered by this Section shall be final.

Without limiting the foregoing duties and prerogatives of the committee, on request of the person presiding at the meeting of the members or on the request of any member entitled to vote thereat, such Committee shall make a report in writing of any challenge, question, count or matter determined by the Committee and execute a certificate of any fact found by them. Any such report or certificate made by them shall be prima-facie evidence of the fact stated and of the vote as certified by them. Any Committee member related within the third degree by affinity or consanguinity computed according to the civil law to any candidate for director shall refrain from participating in any deliberation or vote of the Committee concerning such candidate.

SECTION 3.08. Representation of Members.

Unless it is made to appear otherwise, by writing executed by the member and filed with the Secretary or the Secretary's designee prior to a meeting of the members, a spouse of a member who presents himself or herself to the Secretary, or Secretary's designated registrar(s) at a meeting of the members as a representative of such member, shall be deemed to act and vote for the member he or she purports to represent in as full and ample manner as if the member were present and personally acting at the meeting. The presence of the member purported to be represented by his or her spouse when made known to the Secretary, or the Secretary's designated registrar(s) shall, however, revoke the authority hereby created and only the member shall be entitled to act and vote at such meeting.

ARTICLE IV DIRECTORS

SECTION 4.01. Number and General Powers.

The business and affairs of the Cooperative shall be managed by a Board of Directors consisting of seven (7) members. The Board shall exercise all of the powers of the Cooperative except such as are by law or by the Cooperative's Articles of Incorporation or Bylaws conferred upon or reserved to the members. The Board of Directors shall not appoint or elect any committee to exercise the authority of the Board. However, the Board may appoint or elect from its own membership one or more committees, each consisting of at least two (2) directors, for the purpose of serving in an advisory or recommendatory capacity to the Board.

SECTION 4.02. Qualification of Directors.

No person shall be eligible to become or remain a nominee for director or a director of the Cooperative who:

- (a) will not be eighteen (18) years of age or older on the date of election; or
- (b) is not a member of the Cooperative and bona fide resident of the district represented; or
- (c) is not receiving service from the Cooperative at

his primary residence, unless temporarily prevented from doing so by causes reasonably beyond such member's control: PROVIDED, that the operating or chief executive officer (or his designee) of any member which is not a natural person, such as a corporation, church, etc., notwithstanding that he does not receive service from the Cooperative at his primary residence, shall be eligible to become a nominee for director and a director from the Directorate District of which such member is located, if he is (1) in substantial permanent occupancy, direction or use of the premises served by the Cooperative, and (2) is a permanent and year-round resident within or in close proximity to any area served by the Cooperative; BUT PROVIDED FURTHER that no more than one such person may be a candidate for or serve as director at any time. If more than one such person should be nominated in any one election, the person who shall be eligible to continue as a candidate shall be chosen by drawing of lot; or

(d) is currently, or has been within five (5) years before the date of the election, an employee of the Cooperative, an employee or director of a competing utility or enterprise, an employee or director of an enterprise which regularly contracts with the Cooperative, a close relative of an employee of the Cooperative, a close relative of an employee or director of a competing utility or enterprise, or a close relative of an employee or director of an enterprise which regularly contracts with the Cooperative. As used in this Section, "close relative" means a person who, by blood or by marriage, including half, foster, step and adoptive kin, is either a spouse, child, grandchild, parent, grandparent, brother, sister, aunt, uncle, nephew or niece of the principal; or

(e) is a member of, employed by or financially interested in an enterprise or organization which competes with the Cooperative or regularly contracts with the Cooperative, EXCEPT when such membership, employment or financial interest is, in the judgment of a majority of the disinterested directors, so inconsiderable and incidental as not to pose a reasonable prospect of a conflict of interest (PROVIDED, however, that this determination shall be made by the Credentials and Elections Committee if the person is a potential nominee or candidate for the director or if the disinterested directors request the Committee to rule); or

(f) has been convicted of a felony; or

(g) has failed to attend more than four (4) consecutive meetings of the board, except when such absence is excused by a vote of the Board of

Directors for reasonable cause, or who has failed to attend, for any reason, twelve (12) consecutive meetings of the board, or who has been determined by the Credentials and Elections Committee to be incapable of fulfilling the duties of a director.

Upon establishment of the fact that a director is holding office in violation of any of the foregoing provisions, the Board of Directors shall remove such director from office. Upon establishment of the fact that a nominee or candidate for director is in violation of any of the foregoing provisions, the Credentials and Elections Committee shall remove such nominee or candidate from consideration.

Nothing contained in this Section shall affect the validity of any official action taken at any meeting of the Board of Directors, unless such action is taken with respect to a matter in which one or more of the directors have an interest adverse to that of the Cooperative.

SECTION 4.03. Election.

At each annual meeting of the members, directors shall be elected by secret written ballot by the members and, except as provided in the first proviso of Section 4.02 of these Bylaws, from among those members who are natural persons: PROVIDED, that, when the number of nominees does not exceed the number of directors to be elected from a particular Directorate District, and if there is no objection, secret written balloting may be dispensed with in respect of that particular election and voting may be conducted in any other proper manner. Directors may, unless the members determine otherwise in advance of the initial balloting, be elected by a plurality vote of the members represented at the meeting. Drawing by lot shall resolve, where necessary, any tie votes.

SECTION 4.04. Tenure.

Directors shall be so nominated and elected that two (2) directors shall be elected for three-year terms at an annual member meeting; two (2) directors shall be elected for three-year terms at the next succeeding annual member meeting; and three (3) directors shall be elected for three-year terms at the next succeeding annual member meeting, and so forth: PROVIDED, that the terms of no two (2) directors from the same Directorate District shall coincide. Upon their election, directors shall, subject to the provisions of these Bylaws with respect to the removal of directors, serve until the annual meeting of the members of the year in which their terms expire or until their successors shall have been elected and shall have qualified. If for any reason an election of directors shall not be held at an annual meeting of the members duly fixed and called pursuant to these Bylaws, such election may be held at an adjournment of such meeting or at a subsequently held

special or the next annual meeting of the members. Failure of an election for a given year shall allow the incumbents whose directorships would have been voted on to hold over only until the next member meeting at which a quorum is present.

SECTION 4.05. Directorate Districts.

To assure geographic representation on the Board of Directors, directors shall be so nominated and elected so that the Board shall be comprised of three (3) directors from District Number One, which shall be Bleckley, Dodge and Laurens Counties; two (2) from District Number Two, which shall be Baldwin and Wilkinson Counties; and two (2) from District Number Three, which shall be comprised of Bibb and Twiggs Counties.

Notwithstanding the foregoing Directorate District descriptions, every year the Board of Directors, not less than ninety (90) days prior to the earliest date on which the annual member meeting may be scheduled by these Bylaws to be held, shall review the Districts and, if determining that they should be altered so as to correct any substantially inequitable factors regarding the residence of members or the geographic location of Districts, shall change and redescribe one or more Districts accordingly, in which event all Districts as so changed shall be noticed in writing precisely to the members not later than five (5) days prior to the date on which the Committee on Nominations for such meeting shall first convene. After such notice, these Bylaws shall have been effectively amended accordingly, except that the areas embraced within such Districts may be changed by amendment of these Bylaws by the members from time to time in order to establish the most equitable and geographical representation of the Board of Directors: PROVIDED, that any change so made by action of the Board shall be in full force and effect until at least the completion of the election of directors at the annual meeting of the members first held in accordance with such changes effectuated by the Board of Directors; AND PROVIDED FURTHER, that no such change, whether effectuated by the Board or by the members, shall become effective so as to compel the vacancy of any director's office prior to the time such director's term would normally expire.

SECTION 4.06. Nominations.

It shall be the duty of the Board of Directors to appoint, not less than sixty (60) days prior to the date of a meeting of the members at which directors are to be elected, a Committee on Nominations, consisting of seven (7) persons who are members of the Cooperative, but are not incumbent directors or close relatives of such directors or known candidates to become directors, and who are so selected so as to give equitable representation to the geographical areas

served by the Cooperative. The Committee shall prepare and post at the principal office of the Cooperative at least thirty (30) days prior to the meeting a list of nominations for directors to be elected, listing separately the nominee or nominees with respect to each Directorate District from which a director must, pursuant to this Article, be elected at the meeting. The Committee may include more nominations than there are to be elected, but it shall show clearly which nominees are opposed. Any fifty (50) or more members of the Cooperative, acting together, may make additional nominations in writing over their signatures, in like manner showing clearly which Committee-nominated candidate(s) are being opposed, not less than twenty-five (25) days prior to the meeting, and the Secretary shall post such nominations at the same place where the list of nominations made by the Committee is posted. The Secretary shall mail to the members with the notice of the meeting, or separately, but at least five (5) days prior to the date of the meeting, a statement of the directors to be elected from specific Directorate Districts, showing the names, addresses, and Directorate District of each nominee, showing separately those nominated by the Committee and those nominated by petition, if any. Except in the event that all candidates nominated as provided in this Section are deceased or withdraw in writing from candidacy prior to the election, no other nomination shall be in order.

SECTION 4.07. Voting for Directors; Validity of Board Action.

In the election of directors, each member shall be entitled to cast the number of votes (but not cumulatively) which corresponds to the total number of directors to be elected, but no member may vote for more nominees from or with respect to any particular Directorate District than the number of nominees eligible for election therefrom. Ballots marked in violation of the foregoing restriction with respect to one or more Directorate Districts shall be invalid and shall not be counted with respect to such District or Districts. Notwithstanding the provisions contained in this Section 4.07 and in Section 4.06, failure to comply with any of such provisions shall not affect in any manner whatsoever the validity of any action taken by the Board of Directors after the election of directors.

SECTION 4.08. Removal of Directors by Members.

Any member may bring charges for cause against any one or more directors and may request the removal of such director(s) by reason thereof by filing with the Secretary such charges in writing, together with a petition signed by not less than ten (10) percent of the total membership of the Cooperative calling for a special member meeting thereon, and specifying the date thereof not less than forty (40) days after filing of such petition, or requesting that the matter be acted upon at the subsequent annual member

meeting if such meeting will be held no sooner than forty (40) days after the filing of such petition. Notice of such charge(s) verbatim, of the director(s) against whom the charge(s) have been made and of the member(s) filing the charge(s) shall be contained in the notice of the meeting, or separately notified to the members not less than five (5) days prior to the member meeting at which the matter will be acted upon. Such director(s) shall be informed in writing of the charge(s) at least 20 days prior to the meeting of the members at which the charge(s) are to be considered, and shall have an opportunity at the meeting to be heard in person or by counsel, and to present evidence in respect of the charge(s); and the person or persons bringing the charge(s) against him shall have the same opportunity, but must be heard first. The question of the removal of such director(s) shall be considered and voted upon at such meeting; and any vacancy created by such removal shall be filled by vote of the members at such meeting without compliance with the foregoing provisions with respect to nominations. To remove a director shall require the votes of an affirmative majority of the members represented at the meeting and the number of such affirmative votes must be equal to or greater than five (5) percent of the Cooperative's then-total members. A newly elected director shall be from or with respect to the same Directorate District as was the director whose office he succeeds.

SECTION 4.09. Vacancies.

Except as otherwise provided in these Bylaws with respect to the filling of vacancies caused by the removal of directors by the members a vacancy occurring in the Board of Directors shall be filled by the affirmative vote of a majority of the remaining directors. A director thus elected shall serve out the unexpired term of the director whose office was originally vacated and until his successor is elected and qualified: PROVIDED, that such a director shall be from or with respect to the same Directorate District as was the director whose office was vacated

SECTION 4.10. Compensation; Expenses; Indemnification.

For their services as such, directors shall, on a per diem basis, receive such compensation, which may include insurance benefits, as is fixed by resolution of the Board of Directors. For the performance of their duties, directors shall also receive advancement or reimbursement of any travel and out-of-pocket expenses actually, necessarily and reasonably incurred, in accordance with the Cooperative's established policies covering such. No director shall receive compensation for serving the Cooperative in any other capacity, nor shall any close relative of a director receive compensation for serving the Cooperative, unless the payment and amount of such compensation shall be specifically authorized by a vote of the members or such

payment and amount shall be specifically authorized by the unanimous vote of the remaining directors upon their certification of such as an emergency measure. The Cooperative shall indemnify its directors, officers, employees, and agents, and may purchase insurance to cover such indemnification, as provided for in Section 46-3-306 of the *Georgia Code Ann.*

SECTION 4.11. Rules, Regulations, Rate Schedules and Contracts.

The Board of Directors shall have power to make, adopt, amend, abolish and promulgate such rules, regulations, rate schedules, contracts, security deposits and any other types of deposits, payments or charges, including contributions in aid of construction, not inconsistent with law or the Cooperative's Articles of Incorporation or Bylaws, as it may deem advisable for the management, administration and regulation of the business and affairs of the Cooperative.

SECTION 4.12. Accounting System and Reports.

The Board of Directors shall cause to be established and maintained a complete accounting system of the Cooperative's financial operations and condition, and shall, after the close of each fiscal year, cause to be made a full, complete and independent audit of the Cooperative's accounts, books and records reflecting financial operations during, and financial condition as of the end of, such year. A full and accurate summary of such audit reports shall be submitted to the members at or prior to the succeeding annual meeting of the members. The Board may authorize special audits, complete or partial, at any time and for any specified period of time.

SECTION 4.13. Subscription to "The Live Wires"; Subscription to "Rural Georgia."

For the purpose of disseminating information devoted to the economical, effective and conservative use of electric energy, the Board of Directors shall be empowered, on behalf of and for circulation to the members periodically, to subscribe to the Cooperative's newsletter, "The Live Wires," the annual subscription price for which shall not be less than \$1.50 nor more than \$3.00, and which shall be deducted from any funds accruing in favor of such members, so as to reduce such funds in the same manner as would any other expense of the Cooperative. The Board of Directors shall be empowered, on behalf of and for circulation to the members periodically, to subscribe to "Rural Georgia," the annual subscription price for which shall not be less than \$2.40 nor more than \$6.00, and which shall be deducted from any funds accruing in favor of such members, so as to reduce such funds in the same manner as would any other expense of the Cooperative.

SECTION 4.14. "Close Relative" Defined.

As used in these Bylaws, "close relative" means a person who, by blood or in-law, including step and adoptive kin, is either a spouse, child, grandchild, parent, grandparent, brother or sister. Further, as used in these bylaws, the term "close relative" means a person who by blood, including adoptive kin, is either an aunt, uncle, nephew, niece or first cousin of the principal.

ARTICLE V

MEETINGS OF DIRECTORS

SECTION 5.01. Regular Meetings.

A regular meeting of the Board of Directors shall be held, without notice, immediately after the adjournment of the annual meeting of the members, or as soon thereafter as conveniently may be, at such site as designated by the Board in advance of the annual member meeting. A regular meeting of the Board of Directors shall also be held monthly at such date, time and place in one of the counties within which the Cooperative serves as the Board shall provide by resolution. Such regular monthly meeting may be held without notice other than such resolution fixing the date, time and place thereof, except when business to be transacted thereat shall require special notice: PROVIDED, that any director absent from any meeting of the Board at which such a resolution initially determines or makes any change in the date, time or place of a regular meeting shall be entitled to receive written notice of such determination or change at least three (3) days prior to the next meeting of the Board; AND PROVIDED FURTHER, that, by policy established by the Board, the Chairman may change the date, time or place of a regular monthly meeting for good cause and upon at least three (3) days' notice thereof to all directors.

SECTION 5.02. Special Meetings.

Special meetings of the Board of Directors may be called by Board resolution, by the Chairman of the Board, by the President or by any three (3) directors, and it shall thereupon be the duty of the Secretary to cause notice of such meeting to be given as hereinafter provided in Section 5.03. The Board, the Chairman, the President, or the directors calling the meeting shall fix the date, time and place for the meeting, which shall be held in Laurens County, Georgia, unless all directors consent to its being held in some other place in Georgia or elsewhere. Upon the consent of all Directors, a special meeting may also be held via a conference telephone call, and without regard to where Directors are actually located at the time of such meeting.

SECTION 5.03. Notice of Directors Meetings.

Written notice of the date, time, place and purpose or purposes of any special meeting of the Board and, when

the business to be transacted thereat shall require such, of any regular meeting of the Board shall be delivered to each director not less than three (3) days prior thereto, either personally or by mail, by or at the direction of the Secretary or, upon a default in duty by the Secretary, by him or those calling it in the case of a special meeting or by any other director or officer in the case of any meeting whose date, time and place have already been fixed by Board resolution. If mailed, such notice shall be deemed to be delivered when deposited in the United States mail, addressed to the director at his address as it appears on the records of the Cooperative, with first-class postage thereon prepaid, and postmarked at least three (3) days prior to the meeting date. The attendance of a director at any meeting of the Board shall constitute a waiver of notice of such meeting unless such attendance shall be for the express purpose of objecting to the transaction of any business, or of one or more items of business, on the ground that the meeting shall not have been lawfully called or convened.

SECTION 5.04. Quorum.

The presence in person of a majority of the directors in office shall be required for the transaction of business and, except where these Bylaws provide otherwise respect to specific matters, the affirmative votes of at least a majority of the directors present shall be required for any action to be taken: PROVIDED, that a director who by law or these Bylaws is disqualified from voting on a particular matter shall not, with respect to consideration of and action upon that matter, be counted in determining the number of directors in office or present; AND PROVIDED FURTHER, that, if less than a quorum be present at a meeting, a majority of the directors present may adjourn the meeting from time to time, but shall cause the absent directors to be duly and timely notified of the date, time and place of such adjourned meeting.

ARTICLE IX NON-PROFIT OPERATION

SECTION 9.01. Interest or Dividends on Capital Prohibited.

The Cooperative shall at all times be operated on a cooperative non-profit basis for the mutual benefit of its patrons. No interest or dividends shall be paid or payable by the Cooperative on any capital furnished by its patrons.

SECTION 9.02. Patronage Capital in Connection with Furnishing Electric Energy.

In the furnishing of electric energy the Cooperative's operations shall be so conducted that all patrons will, through their patronage, furnish capital for the Cooperative. In order to induce patronage and to assure that the Cooperative will operate on a non-profit basis, the Cooperative is obligated to account on a patronage basis

to all its patrons for all amounts received and receivable from the furnishing of electric energy in excess of operating costs and expenses properly chargeable against the furnishing of electric energy. All such amounts in excess of operating costs and expenses at the moment of receipt by the Cooperative are received with the understanding that they are furnished by the patrons as capital.

The Cooperative is obligated to pay by credits to a capital account for each patron all such amounts in excess of operating costs and expenses. The books and records of the Cooperative shall be set up and kept in such a manner that at the end of each fiscal year the amount of capital, if any, so furnished by each patron is clearly reflected and credited in an appropriate record to the capital account of each patron, and the Cooperative shall within a reasonable time, after the close of the fiscal year, notify each patron of the amount of capital so credited to his account: PROVIDED, that individual notices of such amounts furnished by each patron shall not be required if the Cooperative notifies all patrons of the aggregate amount of such excess and provides a clear explanation of how each patron may compute and determine for himself the specific amount of capital so credited to him. All such amounts credited to the capital account of any patron shall have the same status as though they had been paid to the patron in cash in pursuance of a legal obligation to do so and the patron had then furnished the Cooperative corresponding amounts for capital.

All other amounts received by the Cooperative from its operations in excess of costs and expenses shall, insofar as permitted by law, be

- (a) used to offset any losses incurred during the current or any prior fiscal year and
- (b) to the extent not needed for that purpose, allocated to its patrons on a patronage basis, and any amount so allocated shall be included as a part of the accounts of patrons, as herein provided.

In the event of dissolution or liquidation of the Cooperative, after all outstanding indebtedness of the Cooperative shall have been paid, outstanding capital credits shall be returned without priority on a pro rata basis before any payments are made on account of property rights of members: PROVIDED, that insofar as gains may at that time be realized from the sale of any appreciated asset, such gains shall be distributed to all persons who were patrons during the period the asset was owned by the Cooperative in proportion to the amount of business done by such patrons during that period insofar as is practicable, as determined by the Board of Directors, before any payments are made on account of property rights of members. If, at any time prior to dissolution or liquidation,

the Board of Directors shall determine that the financial condition of the Cooperative will not be impaired thereby, the capital then credited to patrons' accounts may be retired in full or in part.

Notwithstanding any other provisions of these Bylaws, the Board of Directors shall determine the method of allocation, basis, priority, and order of retirement, if any, for all amounts furnished as patronage capital; and the Board of Directors shall have the power to adopt rules providing for the separate retirement of that portion ("power supply or other service or supply portion") of capital credited to the accounts of patrons which corresponds to capital credited to the account of the Cooperative by an organization furnishing electric service or any other service or supply to the Cooperative. Such rules shall

- (a) establish a method for determining the portion of such capital credited to each patron for each applicable fiscal year,
- (b) provide for separate identification on the Cooperative's books of such portions of capital credited to the Cooperative's patrons,
- (c) provide for appropriate notifications to patrons with respect to such portions of capital credited to their accounts and
- (d) preclude a general retirement of such portions of capital credited to patrons for any fiscal year prior to the general retirement of other capital credited to patrons for the same year or of any capital credited to patrons for any prior fiscal year.

Capital credited to the account of each patron shall be assignable only on the books of the Cooperative pursuant to written instructions from the assignor and only to successors in interest or successors in occupancy in all or a part of such patron's premises served by the Cooperative, unless the Board of Directors, acting under policies of general application, shall determine otherwise.

Notwithstanding any other provisions of these Bylaws, the Board of Directors shall, at its discretion, have the power at any time upon the death of any patron, who was a natural person, if any representative of his estate shall request in writing that the capital credited to such patron be retired prior to the time such capital would otherwise be retired under the provisions of the Bylaws, to retire such capital immediately upon such terms and conditions as the Board of Directors, acting under policies of general application to situations of like kind, and such legal representatives, shall agree upon: PROVIDED, however, that the financial condition of the Cooperative will not be impaired thereby. Notwithstanding any other provision of these Bylaws, all amounts credited to the capital account of any member pursuant to this Article, and any other sums held by the Cooperative which are payable or may become payable to such member, and all payments or other distributions thereof, shall be subject to a security interest in favor of

the Cooperative to secure the payment of all debts of such member to the Cooperative, whether for electrical service or otherwise. The total amount of such member's debts to the Cooperative shall be set off against such distributions at the time the distribution would become payable to such member.

The patrons of the Cooperative, by dealing with the Cooperative, acknowledge that the terms and provisions of the Articles of Incorporation and Bylaws shall constitute and be a contract between the Cooperative and each patron, and both the Cooperative and the patrons are bound by such contract, as fully as though each patron had individually signed a separate instrument containing such terms and provisions.

SECTION 9.03. Patronage Refunds in Connection with Furnishing Other Services.

In the event that the Cooperative should engage in the business of furnishing goods or services other than electric energy, all amounts received and receivable therefrom which are in excess of costs and expenses properly chargeable against the furnishing of such goods or services shall, insofar as permitted by law, be prorated annually on a patronage basis and returned to those patrons from whom such amounts were obtained.

ARTICLE X WAIVER OF NOTICE

Any member or director may waive, in writing, any notice of meetings required to be given by these Bylaws.

ARTICLE XI DISPOSITION AND PLEDGING OF PROPERTY; DISTRIBUTION OF SURPLUS ASSETS ON DISSOLUTION

SECTION 11.01. Disposition and Pledging of Property.

(a) The Cooperative's Board of Directors, without requirement of the members' vote or consent, is empowered to authorize any sale, lease, lease-sale, exchange or other disposition of less than substantially all of the Cooperative's properties and assets and to authorize the execution and delivery of mortgages, deeds of trusts or any other security instruments covering all or any part of the Cooperative's property and assets, all as provided for in subsections (a) and (b) of Section 46-3-400 of the Georgia Code Ann.

(b) The sale, lease, lease-sale, exchange or other disposition of all or substantially all of the cooperative's properties and assets may be authorized and effectuated pursuant to the provisions of Section 46-3-401 of the Georgia Code Ann. and

Section 11.02 of these Bylaws. Not in conflict with, or in lieu of, but rather as supplementary to such sections, the following procedures shall be followed in authorizing such a sale, lease, lease-sale, exchange or disposition:

(1) Before adopting a resolution recommending such sale, lease, lease-sale, exchange or other disposition, the Board of Directors shall designate three (3) independent appraisers, expert in such matters, to render their individual opinions as to the value of the Cooperative's assets and properties, including its good will and going business value, and as to any other terms and conditions which, in their respective judgments, should be considered.

(2) If the Board of Directors, after receiving such appraisals (and other terms and conditions which are recommended, if any), then determines that such a resolution should be adopted by it-it shall first give every other Georgia electric membership corporation (which has not made the proposal for such sale, lease, lease-sale, exchange or disposition) an opportunity to submit competing proposals. Such opportunity shall be in the form of a written notice to such electric membership corporations, which notice shall attach a copy of the proposal which the Board has tentatively decided to recommend and a copy of the reports of the three (3) appraisers. Such electric membership corporations shall be given not less than thirty (30) days within which to submit competing proposals, and the actual minimum period within which proposals are to be submitted shall be stated in the written notice given to them.

(3) If the Board then determines that favorable consideration should be given to the initial or any subsequent proposal which has been submitted to, it shall adopt a resolution to that effect and so notify the members, expressing in detail each of any such proposals and shall call a special meeting of the members for consideration thereof, which meeting shall not be held sooner than ninety (90) days after the giving of such notice to the members: PROVIDED, that consideration thereof by the members may be given at the next annual member meeting if the Board so determines and if such annual meeting is not held sooner than ninety (90) days after the giving of such notice.

(4) Any two hundred (200) or more members, by so petitioning the Board not less than twenty (20) days before the date of the special or annual meeting at which the matter will be considered, may cause the Cooperative, with the cost to be borne by the Cooperative, to mail to all other members any opposing or alternative positions which they may have to the recommendation that the Board has made.

SECTION 11.02. Distribution of Surplus Assets on Dissolution.

Upon the Cooperative's dissolution, any assets remaining after all liabilities or obligations of the Cooperative have been satisfied and discharged shall, to the extent

practicable as determined by the Board of Directors and not inconsistently with the provisions of the third paragraph of Section 9.02 of these Bylaws, be distributed without priority among all persons who are or who have been members of the Cooperative for any period during its existence, on the basis that their respective patronage during such periods bears to the total receipts of the Cooperative since its inception: PROVIDED, HOWEVER, that, if in the judgment of the Board the amount of such surplus is too small to justify the expense of making such distribution, the Board may, in lieu thereof, donate, or provide for the donation of, such surplus to one or more non-profit charitable or educational organizations that are exempt from Federal income taxation.

ARTICLE XII FISCAL YEAR

The Cooperative's fiscal year shall begin on the first day of the month of January of each year and end on the last day of the month of December following.

ARTICLE XIII RULES OF ORDER

Parliamentary procedure at all meetings of the members, of the Board of Directors, of any committee provided for in these Bylaws and of any other committee of the members or Board of Directors which may from time to time be duly established shall be governed by the most recent edition of Robert's Rules of Order, except to the extent such procedure is otherwise determined by law or by the Cooperative's Articles of Incorporation or Bylaws.

ARTICLE XIV SEAL

The corporate seal of the Cooperative shall be in the form of a circle and shall have inscribed thereon the name of the Cooperative and the words "Corporate Seal, Georgia."

ARTICLE XV AMENDMENTS

SECTION 15.01. Amendment by Board of Directors.

These Bylaws may be changed (altered, amended, repealed, or new Bylaw provisions adopted) at any meeting of the Board of Directors by the affirmative vote of not less than a majority of the directors present at a meeting at which a quorum is present; PROVIDED, notice of such meeting containing a copy of the proposed change or a reasonable synopsis thereof shall have been given at least five (5) days prior thereto; AND PROVIDED FURTHER, that the Board

of Directors shall not have the power to change provisions of these Bylaws directly relating to the election of the Board of Directors.

SECTION 15.02. Amendment by Members.

Any Bylaw provision required or permitted to be changed by the members may be changed by a two-thirds (2/3) majority of those members present and voting at a regular or special meeting of the members, provided notice of such meeting containing a copy of the proposed change or a reasonable synopsis thereof shall have been given with the notice for such meeting.

SECTION 15.03. Petition of Members.

Any Bylaw provision presented to the members for change shall be sponsored by the Board of Directors or by the petition of not less than fifty (50) sponsoring members. Such petition, containing the signatures of the sponsoring members, shall set forth the proposed change stating the precise wording thereof and the time such change is to become effective, and shall be filed with the Cooperative not less than forty-five (45) days prior to the date of the member meeting at which such proposed change will be acted upon. The Cooperative shall provide a copy of the proposed change or a reasonable synopsis thereof with notice of such meeting.

SECTION 15.04. Illegal Bylaw Provisions.

The Board of Directors or the members may not change any Bylaw provision if such Bylaw provision is illegal or has become a legal nullity. No proposed Bylaw change shall be noticed or acted upon if the Board of Directors determines that the proposed change, if adopted, would be illegal or a legal nullity.

New service applicants who pose no credit risk (green light returned on ONLINE Utility Exchange) will not be charged a deposit.

New service applicants who pose minimal credit risk (yellow light returned on ONLINE Utility Exchange) will be charged a deposit equal to one times the highest month's usage for the service address during the preceding 12 months. If the service address is new and a deposit is required the member will be charged a deposit of \$300.00.

New service applicants who pose substantial credit risk (red light returned on ONLINE Utility Exchange) will be charged a deposit equal to two times the highest month's usage for the service address during the preceding 12 months. If the service address is new and a deposit is required the member will be charged a deposit of \$600.00.

If the new service applicant has his or her service guaranteed by a current member of the Cooperative, the new service applicant's deposit will be based upon the credit history of the guaranteeing member must execute such guaranty documents as required by the Cooperative.

Any existing member who has no deposit and has not paid his or her current bill for 30 days, or has had two or more late charges assessed in any consecutive 24-month period, shall be deemed to have

an unsatisfactory payment record and must pay the maximum deposit to continue service.

Any member having existing service for six months or more who requests additional service, shall have a new ONLINE Utility Exchange pulled and, if the decision indicated a credit risk, the deposit shall be required to be increased to the appropriate deposit amount.

A member who has previously had service terminated or has an unpaid utility bill returned by ONLINE Utility Exchange shall pay a maximum deposit.

A service applicant who provides a social security number that is returned deceased, non-issued, belonging to a person under the age of 18, belonging to a person other than the applicant or is fraudulent, shall be denied service until that person supplies a valid social security number.

The Cooperative cannot demand that an applicant provide his or her social security number as a requirement for service. However, it is the policy of the Cooperative that applicants who refuse to provide his or her social security number pose a greater credit risk and shall be charged the maximum deposit.

B. Commercial Applicants

Sole proprietorships will have an ONLINE Utility Exchange Report pulled on the sole proprietor and charged a deposit which corresponds with the deposit criteria set forth hereinabove in 610.2 for a residential applicant.

Partnerships, Limited Liability Companies (LLC), Limited Partnerships (LP), and Limited Liability Partnerships (LLP) that are less than one year old will have an ONLINE Utility Exchange Report pulled on the managing partner or managing director, as appropriate and charged a deposit which corresponds with the deposit criteria set forth herein above in 610.2 A. for a residential applicant. If the entity is over one year old, an IntelliScore Report will be pulled and a deposit charged as described in paragraph C. below.

A commercial applicant that is a corporation, regardless of whether it is a Subchapter "S" or a "C" Corporation, or any corporation that has a corporate headquarters outside of the service area of the Cooperative (foreign corporation), shall have its credit risk based upon ONLINE Utility Exchange's Business Profile Report and IntelliScore Report.

If there are no negative trade items or indications of risk, the deposit shall reflect the IntelliScore risk as described in paragraph C. If the Business Profile Report or IntelliScore Report indicate a credit risk, the applicant will be referred to management for its deposit to be determined.

Any commercial applicant, with an anticipated bill in excess of \$2,000 per month, will have its deposit determined on a negotiated basis between the management and the prospective applicant.

C. ONLINE Utility Exchange's Business IntelliScore Reports

Commercial applicants who pose low risk and display an IntelliScore score of <<80 to 100>> shall pay a deposit up to one times the highest monthly usage of the service address during the prior 12 months.

Commercial applicants who pose a substantial credit risk and display an IntelliScore of <<69 or lower>> shall pay a deposit of three times the highest monthly usage of their service address during the prior 12 months.

For new business locations, the Cooperative shall estimate the monthly usage for the applicant and charge a deposit base upon ONLINE Utility Exchange's Business Profile Report or IntelliScore Report.

D. Deposit Duration

The Cooperative normally returns that portion of our member's deposit in excess of \$150.00 after two years of service and a payment history of no late payment charges. However, any member who either has any late payment charge assessed during the initial 24-month of membership, or returns an ONLINE Utility Exchange at the 24-month anniversary of service that indicates substantial credit risk (Red Light returned on ONLINE Utility Exchange), shall not have the deposit in excess of \$150.00 returned until the member's service is terminated or the member no longer poses a substantial credit risk during any 24-month period.

E. Miscellaneous Deposit Criteria

Deposits are required to be paid prior to the time a connect order is issued. Deposits are not transferable from one service address to another. Upon termination of service, the deposit will be applied against any unpaid bills of the member. Any remaining balance will be returned to the member. Members who terminate service and have an unpaid balance which is delinquent by more than 30 days from the final bill date, shall forfeit their membership and shall not be entitled to any deposit refund, capital credit or any other membership privilege.

610.3 - Line Extension

Applicants for electric service will be classified into one of the following defined classifications and service will be extended accordingly:

A. Permanent Establishments

1. Residences

Single-phase overhead electric service will be extended to establishments of this classification in any location within the service area of the Cooperative upon request by the owner or occupant up to 1500 feet without any requirement of contribution in aid of construction. Additional facilities may be extended without charge considering the size of the residence and whether it is total electric. Any contributions that are required will be based upon a cost per foot charge. Underground line extensions will require an additional charge and a cost per foot to pay the difference between the cost of conventional overhead service and underground service. Underground services extended beyond 750 feet may require a contribution in aid of construction based on a standard per foot charge. Three-phase service extensions will be considered on an individual basis considering the potential revenue that will be provided by the residence.

2. Other Permanent Establishments

Single or three-phase service will be extended to schools, public buildings, churches, and commercial and industrial buildings considering the potential revenue and the cost of providing such extensions. A 2:1 ratio of cost to annual revenue will be used as a guide to determine any requirement for contribution in aid of construction.

B. Mobile Homes, Water Pumps, Bins, Grain Bins, Camp Houses and Other Similar Services

Single-phase overhead service will be extended to mobile homes, pumps, barns, grain bins, camp houses and similar services located within 500 feet of the Cooperative's existing distribution facilities under the same conditions as permanent establishments. Overhead service will be extended beyond 500 feet upon the member paying the Cooperative in advance a contribution in aid of construction based on a standard per foot charge. Underground service extensions will require an additional charge and a cost per foot to pay the difference between the cost of conventional overhead service and underground service. Underground service extensions beyond 250 feet will require a contribution in aid of construction based on a standard per foot charge. Three-phase service extensions will be considered on an individual basis considering the potential revenue that will be provided.

Mobile homes will be treated as a permanent establishment if the member (1) provides evidence of ownership of the property on which the mobile homes is located; (2) removes all transportation devices

and underpins the structure; (3) installs a permanent pressure water system and sanitary waste disposal system; and (4) executes a five [5] year service contract with the Cooperative.

C. Temporary Service

Temporary service will be furnished for services of short duration or transient nature in accordance with the existing rate schedules of the Cooperative, except that the member shall pay in advance the total estimated cost of installation and removal of the service facilities, less salvage value of the material used. An advance deposit of the full amount of the estimated bill for service may be required.

D. Meter Installation or Transfer

When an application is made for service the member shall pay a service charge in addition to any membership fee and service security deposit.

610.4 - Special Conditions

The Cooperative reserves the right to select the route that line extensions will be constructed considering the cost and future maintenance of the facilities. The shortest distance may not be selected if the conditions of the proposed route are not in the best interest of the Cooperative. Unusual right-of-way clearing cost may be borne by the member. Underground line extensions may not be feasible in soils that are wet or rocky.

610.5 - Standard Supply Voltages

One system of alternating current, 60 hertz, is supplied throughout the Cooperative's system.

The voltage, number of phases, and type of metering which will be supplied depends upon the cooperative's facilities available and upon the character, size and location of the load to be served. Therefore, the member shall consult the Cooperative before proceeding with the purchase or installation of wiring or equipment. To avoid misunderstanding, this information must be in writing.

The standard secondary voltages described below are nominal and are subject to a plus or minus 10 percent variation.

- Single-phase, 2-wire, 120 volts
- Single-phase, 3-wire, 120/240 volts
- Three-phase, 120/208 volts
- Three-phase, 240/480 volts
- Three-phase, 277/480 volts

610.6 - Service Interruptions

The Cooperative does not guarantee continuous and uninterrupted electric service and will not be liable for loss or damage to any member's property caused by any failure to supply electricity or by any interruption or reversal of the supply of electricity if due to any cause beyond the reasonable control of the

Cooperative.

The member shall notify the Cooperative promptly of any defect in service or of any trouble or irregularity in electric supply.

Whenever service is interrupted for work on lines or equipment, such work shall be done, as far as practicable, at a time that will cause the least inconvenience to the member. The member to be affected by such interruptions shall, in practicable, be notified in advance.

610.7 - Standby Power

No electric power sold by the Cooperative shall be used as reserve or standby service, or in any way in conjunction with any other source of power, without the Cooperative's prior written consent.

610.8 - Resale of Power

Member shall not directly or indirectly resell electric energy for any purpose, except that in the case of rental facilities centrally metered, the cost of utilities may be included in the rent charged the tenant. Members shall not divert electric energy to other premises or use it for purposes other than those permitted by the Bylaws, rules and regulations of the Cooperative, and by state or local laws, rules and codes.

610.9 - Office and Service Hours

The Cooperative's headquarters offices is at Dudley, Georgia. The headquarters office and all other Oconee EMC offices are open for business between the hours of 8:00 am. and 5:00 p.m. Monday through Friday.

Routine and regular service work shall be performed during the hours of 8:00 a.m. and 4:30 p.m. Monday through Friday, except that no routine and regular service work will be performed on holidays observed during this period. Service work for unusual conditions or circumstances may be arranged, where necessary, at other times upon requested. All connections made at any time, during other normal service hours, shall obligate the member to pay an additional charge calculated to reimburse the Cooperative for overtime labor and overhead costs involved. Emergency service work is performed 24 hours a day, seven days a week. Service personnel may be reached by calling the Cooperative's emergency service number, 478.676.3191.

610.10 - Service Charges

Service calls made by the Cooperative pertaining to the member's premises shall be charged for at the rate of not less than \$40.00 per call during regular working hours and \$60.00 per call for hours after regular working hours.

620 - SERVICE CONNECTIONS, MEMBER WIRING & MEMBER EQUIPMENT

620.1 - Service Connections

The Cooperative will furnish and install only one service drop to a metered point. The member must furnish a point of attachment for the Cooperative's service facilities which will meet the National Electrical Code and the Cooperative's requirements.

The point of attachment furnished by the member must be located at a point where the Cooperative facilities can be constructed at reasonable cost, and in accordance with sound engineering practices. The Cooperative reserves the right to designate the location of the point where attachments and meters will be located.

The Cooperative's responsibility for installation and/or maintenance of service facilities shall not extend beyond the point of attachment to the member's building, central distribution point, or the electric power consumption measuring device.

A member may have any number of service connection under one membership. Additional service connections under one membership must be under direct control of the member, who must agree to be responsible for the payment of all charges on the additional accounts. A service security deposit may be collected for each additional service.

No more than one residence may be served through one meter, except that apartments and trailer parks may be served through a central meter where the cost of utilities is included in the rent charged the occupants, if this is not contrary to any applicable law.

Should the member request, the Cooperative may install facilities in excess of those provided for in the policy. The service facilities will be furnished on a direct cost plus appropriate overhead charges.

All service facilities and equipment constructed and installed by the Cooperative shall remain the sole property of the Cooperative and shall not become part of the property or premises to which said facilities are attached or on which said facilities are constructed.

620.2 - General Wiring Requirements

Each member shall cause all premises receiving electric service pursuant to his membership to become and to remain wired in accordance with the specifications of the National Electrical Code, the Cooperative, any applicable state authority, and in accordance with the limitations of municipal and/or county authorities having jurisdiction. Each member shall be responsible for, and shall indemnify the Cooperative and any other person against injury, loss or damage resulting from any defect in or improper

use or maintenance of, such premises and all wiring and apparatus connected thereto or used thereon. In no event shall the responsibility of the Cooperative extend beyond the point at which its service wires are attached to the meter loop provided for measuring electricity used on such premises.

620.3 - Member Equipment

A. Electric Motors

The Cooperative should always be consulted on motor installations. The maximum permissible size depends upon the member's location on the distribution system and the capacity of the circuit.

It is the characteristic of most electric motors to draw a heavy momentary current when starting, resulting in many cases in variation of the voltages supplied to the other members who receive service from the same circuits or transformer. It is therefore necessary that the Cooperative limit the amount of starting current which may be drawn by a motor.

All motors should be provided with devices that will protect the motor against overload or short circuit. All three-phase motors shall have overload devices on each of the three-phase wires to insure proper protection for the motor. Motors that cannot be safely subjected to full voltage at starting should be provided with a device to insure that, on the failure of the supply voltage, the motor will be disconnected from the line. The direction of phase rotation and the continuity of all three-phase current are guarded with great care, but the Cooperative cannot guard against accidental or temporary change of phase; therefore, motors or other apparatus requiring unchanged phase rotation and continuity of three-phase supply shall be equipped with suitable protection against such reversal or phase failure.

B. Electric Generators

Where auxiliary or standby service is installed by the member to provide emergency power, parallel operation of the member's generating equipment with the Cooperative's system will not be allowed. A double throw switch must be used to prevent possible injury to the Cooperative workmen by making it impossible for power to be fed back into the main line from the emergency generator.

C. Electric Welders and Miscellaneous Devices

Members desiring to operate electric welders or other devices with high inrush or fluctuating currents must supply the Cooperative with information regarding the electrical characteristics of the equipment which adversely affects the Cooperative's equipment or the service to other members.

The Cooperative must be consulted before the purchase or installation of the equipment.

D. Member Responsibility for Protective Devices

All protective devices required by these regulations shall be provided by the member and at the member's sole expense.

620.4 - Power Factor Corrections

The maintenance of high power factor is of primary importance in the economic operation and maintenance of the distribution system. Under-loaded motors contribute largely to the creation of lower power factor unfavorable to both the Cooperative and the member.

Where the over-all power factor of the member's load is less than 90% lagging, the Cooperative may require the member to install at his own expense, equipment to correct the power factor. The Cooperative reserves the right to measure the power factor at any time.

620.5 - Multi-Phase Service

When multi-phase service is furnished, the member will at all times maintain a reasonable balance of load between the phases.

620.6 - Mobile Home Service Entrance

Connections shall be made only to mobile homes that have been wired with a proper externally pole-mounted MAIN disconnection means, as per NEC. Exception: Mobile homes built in accordance with the Department of Housing and Urban Development (HUD) mobile homes standard part 3280.

The definition of a mobile home shall be any factory-assembled structure or structures equipped with the necessary service connections and made with a metal "bed" (floor support) so as to be readily movable as a unit or units on its own running gear and designed to be used as a dwelling unit(s) with or without its running gear removed or with or without permanent foundations (NEC ARTICLE 550-2 Definitions or Better).

630 - Member CLASSIFICATIONS

630.1 - Residential and Farm Service - Rate Schedule R

This schedule is applicable only for residential and farm use and for use incidental thereto supplied through one meter to each individual dwelling unit. The capacity of individual motors served under this schedule shall not exceed seven and one-half (7 1/2) horsepower without the consent of the Cooperative.

Each residential unit or facility must be individually metered and no more than one family unit may be served from one meter.

When a member has his residence and a business on the same meter, the member will be classified under Rate Schedule GS.

630.2 - General Service - Rate Schedule GS

Applicable to all single-phase members. Applicable to multi-phase members that require 50KVA or less transformer capacity.
